IPPN CONFERENCE 2015

Follow today's presentations on Twitter #Pmeet15

Presenter	Presentation
Brian O Doherty brian@stpatsbray.com	Be Well month The presentation will give a flavour of the Be Well month we ran in the school back in October. The focus will be on the different activities that took place over the course of the 3 weeks with specific emphasis on promoting physical and mental well-being.
Scott Vance stkevin.ias@eircom.net	Ideas for Graduation Two minutes of ideas for 6 th class Graduation including caricature murals!
Mary Foskin thefoskins@hotmail.com @ m2thefizzle	Mystery Skype I have been Mystery Skyping with my class for the past year or two. We have skyped schools all over the world. Any class can do it. This is a brief overview of how to organise for it.
Peter Long plong@scoilide.ie @ScoilIde	Cognitive Acceleration in Maths Education (CAME) was developed after extensive research in King's College London. This presentation outlines the programme and our experience of implementing it on a whole school basis to increase Maths engagement among pupils and teachers.
Kathleen Byrne principal@glencullenschool.ie @katzb21 @Glencullen_NS @teachmeet_east	Utilising Parent Volunteers in your School In an era of cutbacks & decreased capitation, we all need to save money wherever possible. This short presentation will give you some ideas on how to utilise parents, talents, strengths, business connections or simply extra hands in your own school!
