The images are free to access, available to all and can be downloaded or viewed online. It will give attendees at the Teachmeet a flavour of the type of resources that public libraries are making available as part of the Decade of Centenaries. |
| **Nicola Spokes**<br>**nicholaspokes@hotmail.com**<br><br>@nicholaspokes<br>@scoiloscaircns | **Creating a Digitally Smart School**<br><br>Scoil Oscair CNS is a new CNS, which was set up as a technology driven school, where IT is integrated on every platform throughout the entire curriculum. Our school fuses the best of traditional teaching methods with most innovative teaching methodologies. Our prime focus is on the 3R's but using technology to enhance all three. Currently, our children are exceeding national norms for literacy and numeracy. In our 2nd year, our children have 1:1 iPad deployment, children teach coding to parents once a month (Senior Infants), Parents can access their kids work from home etc…the list is endless.<br>Presentation would focus on what we are doing and how it can be done in other schools who wish to use some of our ideas. |
| **Jenna Kleine**<br>**jenna@classdojo.com**<br>**www.class**<br><br>**@jenna_kleine** | **Class Dojo**<br><br>Exploring use of Class Dojo in the Classroom |
